

- **Essays:** You scored **41/50**.
 - $(41 / 50) = 0.82$
 - $0.82 * 0.50$ (50%) = **0.41** or **41% of the final grade**.
- **Coursework:** Let's say you scored **85/100**.
 - $(85 / 100) = 0.85$
 - $0.85 * 0.20$ (20%) = **0.17** or **17% of the final grade**.
- **Homework:** Let's say you scored **78/100**.
 - $(78 / 100) = 0.78$
 - $0.78 * 0.20$ (20%) = **0.156** or **15.6% of the final grade**.
- **Class Participation:** Let's say you scored **9/10**.
 - $(9 / 10) = 0.90$
 - $0.90 * 0.10$ (10%) = **0.09** or **9% of the final grade**.

Step 2: Add the weighted scores to get your Final Percentage.

- Final Percentage = 41% + 17% + 15.6% + 9% = **82.6%**

Step 3: Convert the Final Percentage to a CEFR Grade using the matrix above.

- A final score of **82.6%** falls within the **80-89%** band.
- According to the matrix, this corresponds to a **CEFR Level of C1 (Advanced)**.

3. Interpreting Individual Assignment Scores

While the final CEFR grade is based on the overall weighted percentage, you can also get a *skill-level indication* from individual assignments.

- **Your Essay Score: 41/50**
 - As a percentage, this is $(41 / 50) * 100 = 82\%$.
 - Looking at the matrix, an **82%** on a major writing assignment like an essay strongly indicates **C1-level (Advanced) writing skills** for that specific task. Your writing was likely fluent, well-structured, and used a good range of vocabulary, though it may have had minor areas for improvement preventing a top score.

Important Note: A single assignment score is a snapshot. The final grade provides a more holistic and accurate picture of your consistent performance across the entire course, which is why we use the weighted average for the official CEFR designation.

Chapter 1: The Power of Thinking on Paper

第一章：纸上思考的力量 (Zhǐ shàng sīkǎo de lìliàng)

Your Goal for This Chapter 本章目标 (Běn zhāng mùbiāo): To change how you see writing and to get you set up with powerful tools that will help you all year.

改变你对写作的看法，并为你配备今年将会用到的强大工具。

Lesson 1.1: Why We Write

第一课：我们为何写作 (Wǒmen wèihé xiězuò)

Part 1: Writing as Architecture

写作即建筑 (Xiězuò jí jiànzhù)

Think about the most amazing building you've ever seen. What makes it amazing? Its design, its strength, its beauty? Now imagine how it was built. The architects didn't just start stacking bricks randomly. They started with a **plan**.

Writing is exactly the same.

The best writing isn't just a pile of ideas. It is a strong, well-designed structure built to hold up your ideas and present them powerfully to the world.

Your Goal This Year 今年的目标 (Jīnnián de mùbiāo):

To become the architect of your ideas. This class will teach you the blueprints.

成为你想法的建筑师。本课程将教你如何绘制蓝图。

Part 2: Your Master Blueprint

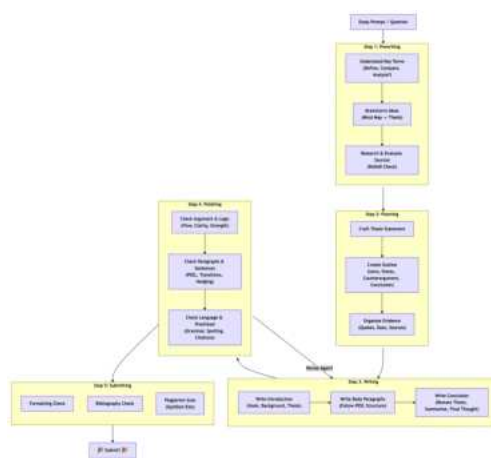

你的核心蓝图 (Nǐ de héxīn lántú)

Every architect needs a blueprint. Every writer needs a process. This is yours for the entire course. Follow it whenever you feel lost.

The Master Flowchart 核心流程图 (Héxīn liúchéngtú) (This page features a clean, easy-to-read version of the Master Flowchart visual)

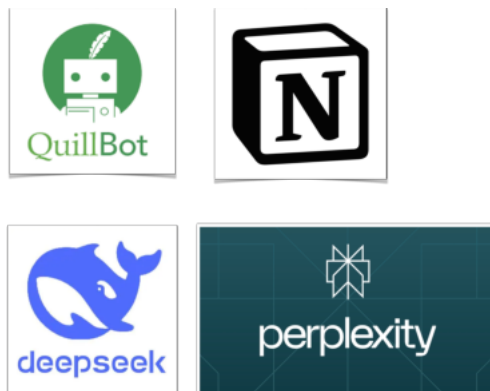

Remember 记住 (Jìzhù): This is your map. You can't get lost if you know where you are on the map.

这是你的地图。如果你知道在地图上的位置，就不会迷路。

Part 3: Activity - Human vs. AI Brainstorming

活动：人脑与人工智能头脑风暴 (Rénnǎo yǔ réngōng zhīnéng tóunǎo fēngbào)

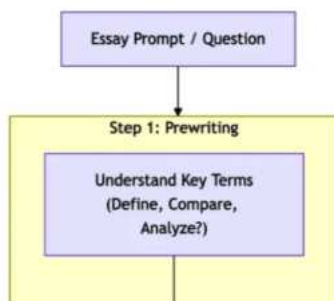

AI tools like **DeepSeek** and **Perplexity** are like super-powered brainstorming partners. They can help you overcome the fear of the blank page. Quillbot will help you craft your writing into beautiful structures. Notion will help you collect and organise all the ideas.

人工智能工具（如DeepSeek和Perplexity）就像超级头脑风暴伙伴。它们可以帮助你克服对空白页的恐惧。

Task - Brainstorm

Easy Prompt Question

Topic 主题 (Zhǔtí): Should schools have uniforms? 学校应该穿校服吗？

1. **Manual Brainstorm 人工头脑风暴 (Réngōng tóunǎo fēngbào):** Your teacher will ask for ideas. Watch how the list grows slowly.
2. **AI Brainstorm AI头脑风暴 (AI tóunǎo fēngbào):** Your teacher will ask an AI the same question. Watch how fast the ideas appear.

It's not about copying 这不是抄袭 (Zhè bùshì chāoxí). It's about getting raw materials. A sculptor needs clay. A writer needs ideas. AI gives you the clay. **You are the sculptor 你是雕塑家 (Nǐ shì diāosùjiā).** Your job is to shape those ideas into something that is truly yours.

Key Takeaway 关键点 (Guānjiàn yàodiǎn): AI is a tool for generating **possibilities 可能性 (kěnéngxìng)**, not for finding **answers 答案 (dá'àn)**.

Part 4: Activity - Think-Pair-Share

活动：思考-配对-分享 (Sīkǎo - pèiduì - fēnxiǎng)

It's okay to be nervous about academic writing. Everyone is at first. Let's get those fears out in the open. 对学术写作感到紧张是可以的。每个人一开始都这样。让我们把这些恐惧公开出来。

Prompt 提示 (Tíshì): What is your biggest problem or fear with academic writing?

你对学术写作最大的问题或恐惧是什么？

Step 1: THINK 思考 (Sīkǎo) (2 min)

Jot down your thoughts in the space below.

在下面空白处记下你的想法。

[Your Thoughts 你的想法:]

Step 2: PAIR 配对 (Pèiduì) (3 min)

Discuss your fears with a partner. Do you share any of the same fears?

与伙伴讨论你的恐惧。你们有相同的恐惧吗？

[Notes from Discussion 讨论笔记:]

Step 3: SHARE 分享 (Fēnxiǎng) (10 min)

Listen as your teacher writes everyone's fears on the board. You are not alone. This course is designed to solve every single one of these problems.

听老师把每个人的恐惧写在黑板上。你并不孤单。本课程旨在解决所有这些问题。

Homework

Task - Set up all your accounts and start to learn 1) Quillbot, 2) Notion 3) Create your school page

- In NOTION – create a school page.
- Add a title
- Add - /database and insert a page for all your subjects

e.g.

Subjects

Aa Name
<u>English</u>
<u>Chemistry</u>
<u>Maths</u>
<u>Biology</u>

Lesson 1.2: Tooling Up & Your Starting Point

第二课：装备工具与了解起点 (Zhuāngbèi gōngjù yǔ liǎojiě qǐdiǎn)

Part 1: In-Class Diagnostic Writing

课堂诊断写作 (Kètáng zhěnduàn xiězuò)

Important 重要 (Zhòngyào): This is **not a test 不是测验 (bùshì cèyàn)**. This is not for a grade. This is simply to help understand your starting point so I can be a better teacher for you this year. Please do your best, but do not stress. 这只是为了帮助老师了解你的起点，以便今年能更好地教你。请尽力而为，但不要有压力。

Task 任务 (Rènwù):

In the next 20 minutes, please write a short essay in response to the prompt below.
在接下来的40分钟内，请就下面的提示写一篇短文。

Prompt 提示 (Tíshì): What is one rule at our school that you would change? Brainstorm ideas, choose one.

Argue for your position. Give at least one reason to support your argument.
你想改变学校的哪一条规则？论证你的立场。至少给出一个理由来支持你的论点。

Things to include 尝试包括以下内容 (Chángshì bāokuò yǐxià nèiróng):

- A clear sentence that states your opinion 陈述你观点的清晰句子。
- At least one reason for your opinion 至少一个支持你观点的理由。
- An example if you can think of one 如果能想到的话，举一个例子。
- A conclusion that restates your main idea 重述你主要观点的结论。

Write your essay below 在下面写下你的文章:

Example:

First rough idea (Spelling and grammar mistakes are ok)

One rule I would change is the rule for school uniforms. I think that students should be allowed to wear their own clothes to school.

My main reason is that clothes let us to express ourselves. School is a place we are finding out who we are. Uniforms make everyone look the same and it feels like we cannot be creative. It suppresses our identity.

For example, a student who is artistic might want to wear a shirt with an interesting design. But with a uniform, this is not possible. It is not allowed.

So... we should not have uniforms. It would make school a more better place if we can wear what we want and express our personalities.

A.I. Idea

One rule I would change is the rule that we must wear school uniforms. I believe that students should be allowed to wear their own clothes to school.

My main reason is that personal clothing allows students to express their individuality. School is a place where we are finding out who we are, and our fashion choices are a big part of that. When everyone is forced to wear the same uniform, it feels like the school is telling us to all be the same person, and this can suppress our creativity and personal identity.

For example, an artistic student might wear a unique hat or a shirt with a cool design to show their creativity. An athletic student might wear their favourite team's jersey to show their passion. But with a strict uniform, these small but important forms of self-expression are not allowed.

In conclusion, getting rid of the uniform rule would make the school a more positive place because it would let students express their unique personalities and feel more comfortable being themselves.

Part 2: Your Digital Toolbelt 你的数字工具带 (Nǐ de shùzì gōngjù dài)

Your task is to get familiar with the tools we'll use all year.

你的任务是熟悉我们全年将使用的工具。

Task 1:

Explore the Tools 探索工具 (Tànsuǒ gōngjù)

1. Quillbot:

- Find a sentence you wrote in your diagnostic today.
找到你今天诊断写作中写的一个句子。
- Paste it into Quillbot's **Grammar Checker 语法检查器 (Yǔfǎ jiǎnchá qì)**. What does it suggest?
把它粘贴到Quillbot的语法检查器中。它有什么建议？
- Now paste it into the **Paraphraser paraphrasing tool 改写工具 (Gǎixiě gōngjù)**. How does it change the sentence?
Does it keep the same meaning?
现在把它粘贴到改写工具中。它是如何改变句子的？它是否保持原意？
- Remember 记住 (Jìzhù):** The paraphraser is for learning new vocabulary and sentence structures. **Never 绝不 (Jué bù)** copy and paste directly from it into your essay.
改写工具用于学习新词汇和句子结构。切勿直接复制粘贴到你的文章中。

2. Perplexity/DeepSeek:

- Think of a hobby or topic you love (e.g., basketball, K-pop, climate change, video games).
想一个你喜欢的爱好或主题（例如：篮球、K-pop、气候变化、电子游戏）。
- Type a question about it into the search bar. For example: "What are the most effective strategies for defending in basketball?" or "What is the history of K-pop?"
